Dear Corey & Mitch,

We just want to let you know how much the Queen of Angels Drama Club benefited by having Dynamix come to our school and do your program. Generally when we start the rehearsals, it takes a few weeks for the members of the cast to feel comfortable with each other and be willing to offer or take suggestions. This year has been great because the cast was ready to work as a team on the very first rehearsal.

We asked the students to let us know what they thought of the session and these two e-mails summed up the groups' feelings towards the afternoon.

"I really enjoyed the activity with Dynamix. It let me become more comfortable with my fellow actors and the activities were very creative. They had very good ideas and there was always enough time to share our opinions and ideas." Cassandra

"I had a lot of fun that afternoon with the Dynamix. I enjoyed the activities we did, because they made me get to know my fellow actors a whole lot better, and made me realize that drama requires a lot, and I mean a lot of teamwork! Every single actor is important in the play, and without one of them the play would be incomplete...this lesson had a great impact on me. I hope to see Dynamix again, and re-live the fun we all had!" Athina

It would be our pleasure to recommend Dynamix to any group that needs to work together as a team and would willing share our experience with them. We found that not only was the program beneficial to the group, but it was also enjoyable, practical and cost effective. The tailor made program that you designed to meet our particular needs helped us accomplish the goals we set out to achieve in record time.

In our position as Teacher and Faculty Advisors for the Queen of Angels Drama Club we look forward to working with you again in the future.

Congratulations on a job well done!

Sincerely,

*R Gattinger*  
*J MacDondald*
